

Bharatiya Mahavidyalaya, Amravati
Department of Mathematics
Extension Activity:
Session: 2017-2018

Department of Mathematics visited to Matoshri krushanabai Deshmukh Vidyalaya, There were B.Sc. III year students along with 04 faculty members in this visit. The aim of the visit was to create interest in education and sports in the children of tribal area.

Our arrival were greeted by all of the little cute children and some of the volunteers. They looked so happy when they saw us. They cheered happily and welcomed us with opened arms. All of us were surprised with their respond.

In the school, around 120 students registered whose age are 5 to 12 years old. School campus was very clean and beautiful with abundant greenery.

This interaction was beneficial both for our students and the ashramshala students. Our students guided and stimulated the students of school.

They also played various games with them. Our students and students of ashramshala were very happy due to this visit.

Soon, it was time to leave. Everyone had a great time and this event was a success. Before we went back to school, we gave each of the little cute children a ***bear hug***. We hope to visit another home again in the next session
